

# **Bishop Alemany High School Robotics Team**

## **RoboWarriors**

### **Sponsorship Information**

## Who Are We?

## The 2017 RoboWarriors

Team 2659 is a competitive high school robotics team from Bishop Alemany High School in Mission Hills, California. We participate in the *FIRST* (For Inspiration and Recognition of Science and Technology) Robotics Competition, which is a worldwide robotics competition that includes thousands of teams and hundreds of thousands of students. The Bishop Alemany RoboWarriors are working to expand their robotics program to compete with the elite schools and teams across the world. As a non-profit organization running a high-budget program, we rely on sponsor donations, both in-kind and monetary, to continue building upon the students' abilities as they progress into the rest of their lives.

## Mission

The mission of *FIRST* and the Bishop Alemany High School Robotics Program is to inspire young people to be science and technology leaders, by engaging them in exciting Mentor-based programs that build science, engineering, and technology skills, that inspire innovation, and that foster well-rounded life capabilities including self-confidence, communication, leadership, and faith.

## Vision

*"To transform our culture by creating a world where science and technology are celebrated and where young people dream of becoming science and technology leaders."* Dean Kamen, Founder of *FIRST* Robotics

## Team History

The RoboWarriors have competed in the *FIRST* Robotics Competition since 2008. The team started with fifteen eager students and support from the school administration. In their inaugural year, the RoboWarriors placed second in the Los Angeles Regional Competition and improved upon that in 2009 by winning the regional. The victory earned the RoboWarriors a spot in the 2009 World Championship in Atlanta, Georgia. Between the years, 2010 to 2015, the team struggled to maintain constant support from various outlets which resulted in a hiatus in 2015. Upon the arrival of new administrative figures at Bishop Alemany, and renewed student interest, the RoboWarriors were born anew in 2016. Over the upcoming years, we hope to restore our roots and build a more successful robotics program by:

- Restructuring our approach to both the technical and non-technical aspects of our team
- Building a functional workspace and shop to allow for continuous student development
- Developing a VEX robotics program to provide students a way to begin building their individual technical skills
- Competing in two FRC regionals per competition season in order to compete at a high level
- Winning a regional competition and earning an invitation to the Championship Competition
- Restoring the support of the Student Body at Bishop Alemany High School
- Developing a middle school robotics program at Bishop Alemany/Santa Rosa to mentor

# Why FIRST Robotics?

More important than competitive success and awards is the fact that our members realize the values of **STEM** (Science, Technology, Engineering, and Mathematics) while gaining a greater respect for the benefits of a great education. Our team gives high school students the opportunity to work alongside industry professionals, during the six week build season, and build foundations essential to engineering such as those in machining, computer aided design, and programming. In addition to these technical skills students learn essential workplace skills, such as; time management, communication, and teamwork. These skills have helped our alumni to earn science and engineering degrees from top universities, including Georgia Tech, Purdue, UCLA, Cornell, and Berkeley.

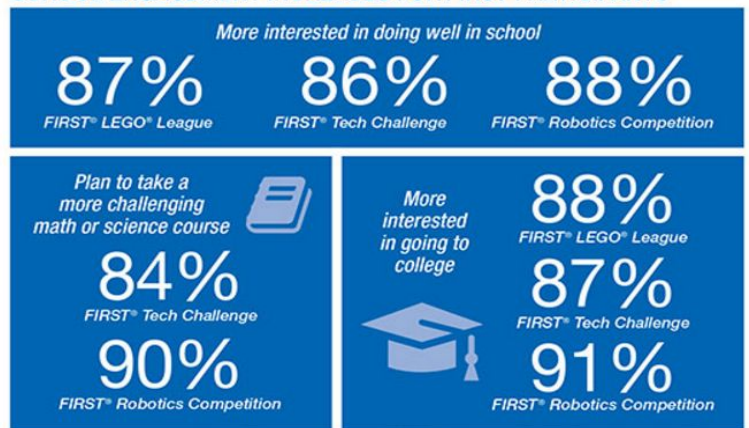

## FIRST® IMPACT

10 years of evaluation data indicates that with participation in **FIRST®** team members are:

### STEM MAJOR CITED BY FIRST PARTICIPANTS

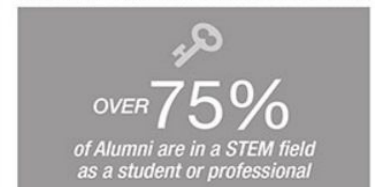

### SCHOOL ENGAGEMENT INCREASES FOR FIRST PARTICIPANTS

### 21ST CENTURY WORK-LIFE SKILLS GAINED BY FIRST PARTICIPANTS

### FIRST ALUMNI IN STEM CAREERS

# Sponsorship Levels

## Barbarian Warrior

**\$500-\$999**

- Company Logo or Personal Listing on the Team Website
- A letter of gratitude including a team photograph
- Handwritten Invitation to all Regional Competitions
- One RoboWarrior lanyard

## Cavalier Warrior

**\$1000-\$1999**

- Company Logo or Personal Listing on the Team Website
- A letter of gratitude including a team photograph
- Handwritten Invitation to all Regional Competitions
- Two RoboWarrior lanyards
- Two Invitations to our Annual Banquet

## Samurai Warrior

**\$2000-\$3499**

- Company Logo or Personal Listing on the Team Website, Team Shirts, and Robot
- A letter of gratitude including a team photograph
- Handwritten Invitation to all Regional Competitions
- Three RoboWarrior lanyards
- Two Invitations to our Annual Banquet

## Aztec Warrior

**\$3500-\$4999**

- Company Logo or Personal Listing on the Team Website, Team Shirts, and Robot
- Framed letter of gratitude including a team photograph
- Handwritten Invitation to all Regional Competitions
- 10 RoboWarrior lanyards & 2 RoboWarrior Team Shirts
- Two Invitations to our Annual Banquet
- Recognition in official team name announced at competitions

## Gladiator Warrior

**\$5000-\$7499**

- Company Logo or Personal Listing on the Team Website, Team Shirts, and Robot
- Framed letter of gratitude including a team photograph
- Handwritten Invitation to all Regional Competitions
- 15 RoboWarrior lanyards & 5 RoboWarrior Team Shirts
- Five Invitations to our Annual Banquet
- Recognition in official Team Name announced at competitions
- Demonstration of RoboWarrior Robot at your company location

## Spartan Warrior

**\$7500+**

- Company Logo or Personal Listing on the Team Website, Team Shirts, and Robot
- Framed letter of gratitude including a team photograph
- Handwritten Invitation to all Regional Competitions
- 20 RoboWarrior lanyards & 10 RoboWarrior Team Shirts
- Five Invitations to our Annual Banquet
- Recognition in official Team Name announced at competitions
- Demonstration of RoboWarrior Robot at your company location
- Company Advertising in Competition maintenance area
